November Newsletter

The children are all working extremely hard, with lots of exciting learning taking place. They are also looking forward to all the Christmas activities and celebrations which will be taking place.

Sporting Enrichment

On the 7th of November a group of children from Year 2 took part in a curling competition at Golborne High School with many of the other local schools. Our team did brilliantly, making it to the semi-finals. They were very proud of their well deserved bronze medals.

The children in Year 5 have been working hard with Mr Taylor from Golborne High School in their PE. They have enjoyed the basketball lessons he has done with them. The final part of these lessons was for a group from the class to take part in a basketball competition at Golborne High School. The team had a great time and worked really hard.

Aspirations Day

All the children at St Thomas' achieve well in school and we like to help them to think about their future careers. We held an aspirations day for years 5 and 6. The children had talks from a number of professionals during the day. We were extremely grateful to them for giving up their time.

Shoe box Appeal

Thank you to everyone who donated items for the shoe boxes. Together you have helped to brighten up Christmas for disadvantaged children around the world.

Children In Need

Everyone had a great time dressed in their pyjamas for Children In Need this year.

Collection for The Brick

You will have already seen our decorated bin for The Brick. We will be asking for any donations for the food bank in the run up to Christmas.

Zoolab in Year 1

In order to enrich their science work all about living things the children in Year 1 were lucky enough to spend the afternoon with Zoolab in their classroom. During this time they had the opportunity to handle and learn about lots of different animals, including a snake, tarantula, giant snail, cockroach and rats.
