Our Value for October is Diversity

Year 3 and 4 visit to Chester.

During the past 2 weeks the children in Years 3 and 4 have taken part in a Roman experience in the city of Chester. The children had the opportunity to explore the many artefacts which have been discovered in Chester from the Roman period. They were able to experience what it was like to live in the Roman times. In addition to this the children re-enacted battle scenes as if they were in the Roman army. Both classes had an excellent day and the experience will enhance their learning in the classroom.

Road Safety.

We had a visit from Wigan's road safety team on Thursday. The children were taught about the different types of crossings and how to cross roads safely.

Parents' Evening

If you haven't already done so, don't forget to book your appointment time for parents' evening. All appointments must be booked on Arbor.
